ABOUT

KRUPANIDHI

GROUP OF INSTITUTIONS

Krupanidhi is headed by Dr. Prof. Suresh Nagpal as the Chairman of the board. He started out as a professor as well as the then–principal. He is also the inventor of the modern Gurukul system, which is followed diligently at Krupanidhi. The rest of the Board of Trustees is made up by Mrs. Geetha Nagpal as Vice–Chairperson, Prof. Sunil Samson Dhamanigi as the Secretary.

Krupanidhi College is an ISO 9001-2008 certified Institution, is affiliated to reputed universities including Bangalore University, Mysore University, Rajiv Gandhi University of Health Sciences, approved by AICTE New Delhi, UGC, Pharmacy Council of India, Indian Nursing Council & Karnataka Nursing Council & recognized by Govt. of Karnataka.

We at Krupanidhi understand the fierce competition that is raging in the dynamic outside world today, and train the students well to face the challenges and trials beyond the boundaries of the Krupanidhi campus.

Vision Statement: " A world filled with our alumni working hand in hand towards building a nation which is a force to reckon with."

Krupanidhi's mission is to ensure the all–round development of the students, which is why the faculty is hand–picked. They give attention to every student, thereby ensuring that even the average student does well. This enables the students to establish a great relationship with their teachers, bettering their bonds as well as the college environment.

Mission Statement: " To ensure that students from all backgrounds and scholastic aptitudes excel and perform to their best".

Message from the Chairman's Desk

Prof. Dr. SURESH NAGPAL
CHAIRMAN
KRUPANIDHI GROUP OF INSTITUTIONS

Higher education is the touchstone by which the progress of a nation is measured in today's times. As the country stands poised on the brink of an exciting future, higher education is as important as administrative policy. Today, the society, the academia and the industry need to stand together and share their commitment, enthusiasm and expertise in order to create a responsible, progressive and skilled citizenry. In keeping with this very spirit, Krupanidhi has been focusing on providing all-round, relevant and comprehensive education to students for the last three decades in an environment that impresses upon ethics, values and mutual respect.

Whenever I am asked to define education, the following quote always comes to my mind "The whole purpose of education is to turn mirrors into windows". Education is the fountainhead of growth, progress and development in any part of the world. Its contribution has been responsible for upliftment of the society, in shaping the moral fiber of the student community and contributing to the nation's well–being by producing the bright minds of tomorrow. We at the Krupanidhi have structured an effective and holistic education system in a way that prepares the students to be an effective and efficient workforce and make the best use of the opportunities that the industry sends their way. The curricula of the various colleges under the Krupanidhi Trust are designed to keep pace with the ever evolving and dynamic trends and challenges of the industry today.

The courses offered by our colleges not only enable the students to develop a gamut of skills but also apply them to real–world problems, thus fast–tracking their careers. The processes of teaching, training and evaluation follow the modern Gurukul system which makes the education system at Krupanidhi in sync with the latest trends in technology and commerce. Education, thus, rather than being lecture oriented, didactic and traditional, is more student–driven.

We at Krupanidhi have a vision: "We don't just polish stones, we carve them". The colleges under the aegis of the Krupanidhi Trust are not just colleges, but they are also the only finishing schools of their kind in India. It is not about merely teaching etiquette, but it's about making them 'industry–ready' to face the challenges placed before them in the dynamic corporate environment, thus bridging the gap between education and the industry. Krupanidhi has gained immense recognition for the same and have also been crowned "Asia's Fastest Growing Private Educational Institute" at the WCRC Leaders Asian Education Excellence Summit and Awards ceremony.

In this day and age where parents as well as students constantly worry about studies, the relevance of it, the quality of guidance and the learning environment, as well as the wholesomeness of the living environment, we at Krupanidhi firmly believe that the best of each of these worlds is present in our beautiful, 11–acre campus. I invite you all, dear students, to walk through our gates to feel the positivity vibrating in the atmosphere at Krupanidhi, and join us in making it a truly world–class institution.

Wishing you all the very best in all times to come.
Prof. Dr. Suresh Nagpal
Chairman

CAMPUS LIFE

The campus life at Krupanidhi is anything but that of a traditional college. Sprawled out on a 11–acre campus amidst lots of greenery, the various institutions have a number of facilities including a library, hostels, a student cafeteria serving multiple cuisines to satisfy different palates, laboratories for all the branches of science, a gym and a fitness center with state of the art equipment imported from Italy, sports arena with facilities for various games, a digital library as well as transport facilities for our students and staff. Krupanidhi has a wi-fi campus allowing the students flexibility and luxury of working from any part of the campus at anytime. It is build to ensure and encourage all round development of its students, nurturing the world of tomorrow.

Mrs. GEETHA NAGPAL
VICE - CHAIRPERSON
KRUPANIDHI GROUP OF INSTITUTIONS

Message from
the Vice Chairperson's Desk

Dear Student,

My hearty greetings to all of you and am pleased to welcome you all to the Krupanidhi family! Krupanidhi College was founded in 1985, and has since been tirelessly working towards innovating newer teaching methods for students in order to keep up with the dynamics and the demands of the ever evolving industry. Our great assets in our 30–year journey have been the hardworking students and the efficient faculty, the synergy of whose efforts have catapulted Krupanidhi as well as their own success to greater heights.

The methods of education are evolving by leaps and bounds, and technology is becoming a huge part of the teaching industry. As much as technology has seeped into our lives, the 'human factor' that is involved, which is the teachers, is largely responsible for shaping a student's understanding and personality, as well as his or her success. The faculty at Krupanidhi follow the *Gurukul* system of teaching and make an effort to reach out to every student, especially the average ones. They take special care to enhance the students' understanding, thus making sure that everybody keeps pace with lessons. The encouragement, care and respect that the teachers give the students is a huge motivating factor, and it has been proven to better the students' efforts too. We at Krupanidhi strongly believe that teaching is a profession that makes all other professions possible, and give proper training to our faculty so that they are able to bring out the best in the students. For the sustainability of education as well as for the stemming of creative ideas for teaching, the 'human factor' is important, and the '*gurus*' in our country are considered sacrosanct for this very reason.

The faculty at Krupanidhi have, thus, worked hard not only towards teaching students effectively but also in developing a bond of trust and respect with the students. Students have always been treated more as friends rather than soldiers, so that the congenial atmosphere brings out their talents best. This aspect combined with the tradition of discipline has been responsible for making the students at Krupanidhi not just excel in their exams but also shine and prosper in their professional as well as personal lives too.

Wishing you all the best!

Mrs. Geetha Nagpal
Vice-Chairperson

Prof. SUNIL SAMSON DHAMANIGI
SECRETARY
KRUPANIDHI GROUP OF INSTITUTIONS

Message from
the Secretary's Desk

My heartily greetings to all students for a very successful and a challenging career. Our journey of providing world–class education was triggered off in 1985 with a Pharmacy College, and today we have fulfilled our dream of expanding our horizon to other realms of higher education too. Today, we have a pharmacy college, a nursing college, a physiotherapy college, a degree college, management school, a pre–university college, a residential PU college and an International School under our wings. We encourage our students to not only have a great academic career but also boost participation in extracurricular activities and sports. Our entire effort has gone towards making our academic structure not just purely academic, but a value–added, rewarding and enriching experience.

We at Krupanidhi have always felt that it was our moral duty to produce responsible and quality students and have had a vision to produce students who can make a difference to the world around them. Being engaged in the business of polishing students in order for them to have a promising career, Krupanidhi has been metamorphosing assets–in–waiting to assets–in–action over the past three decades. Through hand–picked faculty, great physical infrastructure and an effective teaching system based on the principles of the modern Gurukul system, we have provided the very best platform for our students to build their personalities and rake up a long list of academic and extracurricular achievements. I'm sure that with all the input given to the students by the qualified and experienced faculty at Krupanidhi, combined with excellent infrastructure, the students will turn out to be great assets to any organization.

We at Krupanidhi inculcate in our students a passion and drive for learning that will bring about the individuality they need to make a positive impact to the society around them. The conducive, enjoyable, intellectually challenging and energizing atmosphere at Krupanidhi fosters leadership qualities and creativity required for the development of a versatile personality. We welcome you at Krupanidhi to dream, explore and imagine, and promise you an unforgettable learning experience.

Warm regards

Prof. Sunil Samson Dhamanigi
Secretary

Ms. NEHA NAGPAL
EXECUTIVE DIRECTOR
KRUPANIDHI GROUP OF
INSTITUTIONS

Message from the
Executive Director's Desk

Education has been the wellspring of each and every human endeavour and it is one of the biggest driving forces for change, growth and transformation in the world today. Through the corridors of human experience, the eternal quest for wisdom has been responsible for the birth of some great minds in our history. We at the Krupanidhi Group focus on shaping the personality and the minds of the students so that they achieve greatness in their personal and professional lives too.

Nelson Mandela once said that "Education is the most powerful weapon which you can use to change the world". We are aiming to do the same through our dedicated team of academicians and diligent and hard–working students. Our focus point is to mentor the students to achieve a sense of direction and guide them towards using the best of their abilities. We strive to bring out innovation in our teaching methods and put across ideas, theories and challenges in as many different ways as possible, thus training the students to keep pace with the evolving times. We are well aware of the fact that the environment today is more competitive than ever before. Our efforts go beyond the realm of classroom lectures and focus on practical experiences too. Keeping this in mind, we at Krupanidhi train the students to face the challenges beyond the walls of the campus.

The future of teaching and learning is changing rapidly, mostly due to the advent of technology. We at Krupanidhi are striving to bring about educational reforms every academic year by bringing in qualified teaching talent, doing a major overhaul of infrastructure, facilities and resources, maintaining the good student–teacher ratio in our classrooms, designing curriculum keeping the requirements of the industry in mind and creating flexible, adaptable and relevant educational options for the students. Our focus for the future will be to make education not only interesting but also sought after not just for the sake of attaining a degree, but because of its sustaining nature.

India is all set to surpass China as the world's largest population, if India's demographic trends are to be observed. The country not only has an increased average annual GDP growth of 8% over the last 10 years, but will also see a higher demand for education from the middle class which would have swollen to well over 500 million. The country's higher education system, once destined only for the elite, will be designed for everyone. Thus, innovation and change and understanding their drivers are essential, which is what we are attempting to do. We at Krupanidhi welcome the students to experience the change, progress and innovation on the campus and join the transformation as we take giant leaps into the future.

Wishing you the very best & warm regards

Ms. Neha Nagpal
Executive Director

Dr. SAMUEL PAUL ISAAC
DIRECTOR
KRUPANIDHI GROUP OF
INSTITUTIONS

Message from the Director's Desk

Let me begin by extending a warm welcome to everyone who is interested in becoming part of the Krupanidhi family. The Krupanidhi Trust, a Christian organization, began its successful journey in the year 1985 with a view to provide top quality education to the young bright minds of the country.

Today, the umbrella of institutions under the Krupanidhi Trust includes a Pharmacy College, a Physiotherapy College, a Nursing College, a Business School, a Degree College, a Pre–University College, a Residential PU College & an International School under its wings. A dream that started out as a small single structure in Koramangala 32 years ago is now a multi cultural, multiethnic institute with an 11–acre campus and more than 6500 students from 35 countries studying at Krupanidhi.

Krupanidhi College has a vision – "We don't just polish stones, we carve them & make monuments out of them" We at Krupanidhi create the leaders for tomorrow, whether it is in the field of healthcare, the world of business, Information Technology or in the commerce industry. We cater to the teaching and studying needs of students ranging from kindergartners to postgraduates and even doctorates. The various institutes of Krupanidhi have world class facilities on the campus with excellent atmosphere and world–class ambience. Apart from sophisticated classrooms, the campus houses a fitness centre, a multi cuisine food court, boys and girls hostels, and also has free bus and van shuttle services for the students to travel to and back from the city. Our college campuses are conducive to the development of young minds, overall development of the students, and designed to ensure, academic excellence for each and every student and is comparable with the best in the world.

The faculty of the many departments at Krupanidhi is handpicked to take specialized and personal care of even the average student, and not just the bright ones. Larger lessons are broken down into modules, with each module having its own viva and test, and students are not allowed to proceed to the next module until they score a minimum of 80% for the current module. This system ensures that students are not only stress–free and comfortable but also better prepared when they take their final exams for the academic year.

Our colleges are a microcosm of the world. We have students from over thirty five countries from different ethnic cities, religions and backgrounds speaking different languages. We provide a secure and open environment that is a catalyst for these young minds to flourish and flower to their full potential. Language classes are specially held for the institutions' foreign students and other students who find English a challenge to work with. The classes are conducted before the courses begin so as to ensure that the students are able to comprehend lessons as they are being conducted and keep pace with the rest of the class.

We are dynamic. We are a work in progress. Our objective is to keep pace with the rapid evolution, and our endeavour is to bring the same to our classrooms. We see 2017 and the coming years as an interesting environment for students to be entering the industry, and we aim to prepare them so that they are ready for any challenges that they might face. With our futuristic design and the unique academic space, we at Krupanidhi guarantee that we will fulfill all your dreams and that you will remember the day you chose Krupanidhi College with nothing but sheer love and warmth.

Wishing you all the very best in all times to come,

Dr. Samuel Paul Isaac
Campus Director

About Bangalore City

Bangalore, also known as Bengaluru (Kannada) is the capital of the Indian State of Karnataka. Bangalore is nicknamed the Garden City and was once called a Pensioner's Paradise. Located on the Deccan Plateau in the south-eastern part of Karnataka, Bangalore is India's third most populous city. There are a number of expats from across the world living in the city, thanks to the growing presence of Multi-National Companies.

Today as a large city and growing metropolis, Bangalore is home to many of the most well-recognised colleges and research institutions in India. Numerous public sector heavy industries, software companies, aerospace, telecommunications, and defence organizations are located in the city. Bangalore is known as the Silicon Valley of India because of its position as the nation's leading IT exporter. A demographically diverse city, Bangalore is a major economic and cultural hub and the fastest growing major metropolis in India.

The monsoons begins in July and carries on till September. This is a lovely time when everything turns lush green. About 85% of the rainfall is recorded between 4 and 7 in the evening. Hence carrying an umbrella would be a wise thing to do. Bangalore has a pleasant climate. The city has a lot of greenery with trees lined up along both sides of most of the roads. The numerous gardens and parks, streets lined with trees are very soothing in what would have been a jungle of concrete

The city at your doorstep

Studying at Krupanidhi Group of Institutions means that you benefit from both an exciting and busy city, and a beautiful serene campus. If you like the buzz of a vibrant city, there are a plenty of ways to transport yourself into the heart of Bangalore.

Krupanidhi provides scholarships to meritorious students to support excellence

SCHOLARSHIPS OF MERIT

We award scholarships for outstanding academic performance. Krupanidhi College has a culture of merit and nurtures it. This scholarship rewards and supports the meritorious. The criteria are purely merit driven and are based on marks on the board exams, entrance test and various other academic parameters.

When it comes to scholarships, we also believe in a fair treatment of the students and to add an extra impetus for the students to pursue their education seriously, we have a separate set of scholarships which is based solely on performance in their 2nd and 3rd year.

University Exam:		I-semester exam will be conducted in the month of Dec by Rajiv Gandhi University of Health Sciences. The theory exam will be conducted for 75 marks, and Practical will be conducted for 100 marks.

The norms are as per PCI Gazette notification they are subject to minor changes under University Jurisdiction.

SPECIALIZATION OFFERED

- Pharmaceutical Chemistry
- Pharmacology
- Pharmaceutics
- Pharmaceutical Analysis
- Quality Assurance

Most likely implementation of semester system for B.Pharm & M.Pharm from 2017-18.

Pharm D

Commencement of session	:	August / September
Eligibility	:	Pass in 12th Std / PUC / PDC / H.Sc / Intermediate with Physics
Age	:	17 yrs and above on 31st December of the year of admission
Duration	:	6 years (5 years study and 1year of internship in hospital)
Attendance	:	A minimum of 80% attendance in both theory and practical classes is essential to get eligibility for sessional and university examination
Internal Assessment marks	:	During each academic year three sessional exams for theory and practical papers will be conducted for a maximum of 30 marks and an average of the best two marks will be considered to qualify for the annual exam.

PRACTICAL TRAINING

Hospital posting	:	Every student shall be posted in constituent hospital for a period of not less than seventy five hours to be covered in not less than 200 working days in each of second, third & fourth year course. In the fifth year, every student shall spend half a day in the morning hours attending ward rounds on daily basis as a part of clerkship.
Project work	:	To allow the student to develop data collection and reporting skills in the area of community, hospital and clinical pharmacy, a project work shall be carried out under the supervision of a teacher. The project topic must be approved by the Head of the Department or Head of the Institution. Project work shall be presented in a written report and as a seminar at the end of the year. External and the internal examiners shall do the assessment of the project work.

INTERNSHIP	: Every student must complete a one year mandatory internship period as per Appendix-C regulations. Internship is a phase of training where a student is expected to conduct actual practice of pharmacy and health care and acquires skills under supervision so that he or she may become capable of functioning independently.
	A student shall be permitted to start the internship only after having passed in theory and practical of all subjects of all previous years. Every student has to undergo one- year internship as per PCI regulations.

Krupanidhi College of Pharmacy is attached to MVJ Medical College & Research Hospital. MVJ Medical College & Research Hospital is a state of the art Medical Research Center with 950 beds, and Pharm D programmes of Krupanidhi College of Pharmacy uses the facilities for clinical rounds.

Krupanidhi College of Pharmacy also operates Drug Information Center in the hospital premises and has a memorandum of understanding for knowledge sharing with the institution.

In Year 6, students will undergo one year mandatory internship period

INTERNAL ASSESSMENT MARKS:

A. Theory: Three sessional examinations evenly spread during the academic year shall be conducted and the average marks of the best two examinations shall be computed out of a maximum 30 marks and shall constitute the sessional marks in theory.

B. Practical: Students are expected to perform the number of experiments listed in the respective syllabus. The average marks of the best two practical examinations shall be computed out of a maximum of 30 marks. While awarding the sessional marks of practical experiments, the following considerations should be taken into account.

> **Preparation of the candidate**
> **Manipulative skills**
> **Results of the experiment**
> **Knowledge of the experiment**
> **Viva voce pertaining to the experiments only**

Pharm D
(Post Baccalaureate)

Our institution has been approved by Pharmacy Council of India and is affiliated to Rajiv Gandhi University of Health Sciences, Karnataka. Our institution is tied up with MVJ Medical College and Research Hospital for the Pharm.D course which is a super specialty tertiary care hospital with all the modern infrastructure and equipment to support the Pharm.D course and Post Baccalaureate.

Pharm D
(Post Baccalaureate)

Commencement of Session : August

Eligibility : A graduate in B. Pharm degree examination of Rajiv Gandhi University of Health Sciences or B. Pharm examination of any other recognized Indian University established by law in India. He may also have completed any other degree courses in Pharmacy recognized as equivalent by RGUHS and Pharmacy Council of India. Eligible candidates who may be of the capacity to join in the fourth year of Pharm.D course as lateral entry are allowed.

Duration : 3 years (two years of study and one year internship or residency)

Phase I : Consisting of First and Second academic year.

Phase II : Consisting of internship or residency training during third year involving posting in specialty units. It is a phase of training wherein a student is exposed to actual pharmacy practice or clinical pharmacy services, and acquires skill under supervision so that he or she may become capable of functioning independently.

Internship : Internship is a phase of training wherein a student is expected to conduct actual practice of pharmacy and health care and acquires skills under the supervision so that he or she may become capable of functioning independently.

A student shall be permitted to start the internship only after having passed in theory and practical of all subjects of all the previous years. Every student has to undergo one-year internship as per PCI regulations

Internal Assessment Marks : **A) Theory:** Three sessional examinations evenly spread during the academic year shall be conducted and the average marks of the best two examinations shall be computed out of a maximum 30 marks and shall constitute the sessional marks in theory.

Pharm D
(Post Baccalaureate)

B) Practical: Students are expected to perform the number of experiments listed in the respective syllabus. The average marks of the best two practical examinations shall be computed out of a maximum of 30 marks. While awarding the sessional marks of practical experiments, the following considerations should be taken into account.

1. Preparation of the candidate.
2. Manipulative skills.
3. Results of the experiment.
4. Knowledge of the experiment
5. Viva voce pertaining to the experiments only.

Third Year Post Baccalaureate

Internship or Residency Training : The students will dedicate one year for Internship or residency training including postings in specialty units. Student should provide the clinical pharmacy services under supervision of a preceptor to the allotted wards. Six months in General Medicine department, and two months each in three other specialty departments.

Practical training

Hospital posting : Every student shall be posted in constituent hospital for a period of not less than seventy five hours to be covered in not less than 200 working days in each of second, third & fourth year course. In the fifth year, every student shall spend half a day in the morning hours attending ward rounds on daily basis as a part of clerkship.

Project work : To allow the student to develop data collection and reporting skills in the area of community, hospital and clinical pharmacy, a project work shall be carried out under the supervision of a teacher. The project topic must be approved by the Head of the Department or Head of the Institution. Project work shall be presented in a written report and as a seminar at the end of the year. External and the internal examiners shall do the assessment of the project work.

Doctor of Philosophy (Ph.D)

Krupanidhi College is the ideal place for people who want to pursue their studies and even get a doctorate in most of the chosen fields. When it comes to Ph.D we offer it for three main sections: Doctorate of Philosophy (Ph.D) Pharmacology, Doctorate of Philosophy (Ph.D) Pharmaceutical Chemistry and Doctorate of Philosophy (Ph.D) Pharamaceutics. Our skilled faculty and our well stocked library along with the overall learning environment of the college will ensure that you will be able to finish your doctorate in the chosen field well within the accepted time frame, not to mention the superior quality of your work too.

Ph.D (Doctor of Philosophy)

Commencement of session : June - July

Duration : 3 to 6 years

Eligibility : A candidate who has passed M.Pharm degree examination of RGUHS with 1st class or M.Pharm examination of any other recognized Indian University with 1st class established by law in India or any other degree courses in pharmacy recognized as equivalent by RGUHS University or Pharmacy Council of India(PCI) and/or All India Council of Technical Education (A.I.C.T.E.) for this purpose and who has secured not less than 50% of the maximum marks (aggregate of four years) prescribed for the qualifying examination shall be eligible for admission to the PhD course.

Specializations : Pharmaceutical Chemistry

Pharmaceutics

Pharmacology

LABORATORIES

The pharmacy block has 18 well equipped labs with high-tech facilities. All 18 labs contain equipment that is well maintained with dedicated, well-trained staff who is experts in handling lab equipment. Our labs are known to have advanced pharmacy equipment in India; some shipped from abroad and are a first of its kind in Bangalore. Here is the list of labs:

1. Pharmaceutical Microbiology 1
2. Microbiology & Biotechnology 1
3. Pharmaceutics Lab 1
4. Pharmaceutics Lab 2
5. Pharmaceutics Lab 3
6. Pharmaceutics Lab 4
7. Machine Room 1
8. Pharmaceutical Chemistry Lab 1
9. Pharmaceutical Chemistry Lab 2
10. Pharmaceutical Chemistry Lab 3
11. Pharmaceutical Chemistry Lab 4
12. Pharmacology Lab 1
13. Pharmacology Lab 2
14. Pharmacognosy Lab 1
15. Pharmacognosy Lab 1
16. Quality Assurance Lab 1
17. Pharmacy Practice Lab 2
18. Instrumental Lab 1

PHYSIOTHERAPY

Bachelor of Physiotherapy - (BPT)

Master of Physiotherapy - (MPT)

KRUPANIDHI COLLEGE OF PHYSIOTHERAPY

Recognised by the Govt. of Karnataka | Affiliated to Rajiv Gandhi University of Health Sciences
Approved by Indian Association of Physiotherapist

Physiotherapy is a health care profession primarily concerned with the remediation of impairments and disabilities and the promotion of mobility, functional ability, quality of life and movement potential through examination, evaluation, diagnosis and physical intervention carried out by physiotherapists. In addition to clinical practice, other activities encompassed in the physical therapy profession include research, education and administration.

Physiotherapists are healthcare professionals who diagnose and treat individuals of all ages, from newborns to very oldest, who have medical problems or other health - related conditions, illnesses, or injuries that limit their abilities to move and perform functional activities as well as they would like in their daily lives. Physiotherapists use an individual's history and physical examination to arrive at a diagnosis and establish a management plan and, when necessary, incorporate the results of laboratory and paging studies.

Physiotherapy intervention has many specialties including orthopaedic, neurology, cardiopulmonary, sports rehabilitation, pediatrics, geriatrics, head injuries, post operative rehabilitation and wound care. Physiotherapist practice in many settings, such as outpatient clinics, health and wellness clinics, inpatient rehabilitation facilities, extended care facilities, multispecialty clinics or hospitals, community and home based rehabilitation, education, research centers and sports training facilities.

Bachelor of Physiotherapy course is offered on a full time basis. The course uses a hands on approach that puts emphasizes on client centered, inter professional and evidence based practice. In Year-I, we will focus on basic human biosciences & on developing an understanding of the foundation of the human engineering system and the role of health professionals in health / welfare sectors. In Year-II, student's begins to develop physiotherapy skills and further explore the biosciences like pathology & pharmacology. By the III & IV years, students will be able to apply their knowledge & practical skills to physiotherapy management for disorders across the life - span. During the pre-clinical semesters, students develop the practical aspects of physiotherapy through simulated learning environment and by practicing on each other.

Bachelor of Physiotherapy

Commencement of Session	:	September / October
Course Duration	:	4 and ½ years
Eligibility	:	Must be within the age limit of 17-35 years. Should have passed Pre- University course (10+2) with not less than 40% marks in aggregate, in Physics, Chemistry, and Biology. And must have passed individually in subjects of Physics, Chemistry, Biology and English, with English as the medium of study.
Documents Required	:	**For Indian Students**

- Original 10+2 equivalent marks card
- Original 10th standard marks card
- Original school leaving (TRANSFER) certificate of 10+2/ equivalent.
- DOB Certificate, if not available in 10th marks card.
- Migration- other than Karnataka students.
- Aadhaar card
- Passport & stamp size photos – 10 each.
- 3 sets of Photocopies of all above documents

For SAARC Countries
All the above documents mentioned for Indian students 1-9, including
- Transcript of 11th and 12th standard marks
- Date of Birth proof in Indian Almanac
- Citizenship ID Card.

INTERNATIONAL STUDENTS
All the above documents mentioned for Indian students 1-9, including
- Copy of passport & study Visa

Our Masters in Physiotherapy program (MPT) is a high level program training the next generation of clinicians. Physiotherapists specialize in the assessment and treatment related to movement disorders.

Faculty supervision is of the highest quality and provided by internationally recognized experts in several fields from neuroscience, orthopaedics, knowledge translation and others such fields.

Master of Physiotherapy

Commencement of Session	:	May / October
Course Duration	:	2 years
Eligibility	:	A pass in Bachelor of Physiotherapy of a minimum of 3½ years duration / 4½ years from RGUHS or any other university in India or abroad with not less than 50% marks in aggregate and should have completed 6 months of compulsory rotating internship in a recognized hospital.
Documents Required	:	• Mark sheets of all years /semesters of Bachelor of Physiotherapy Programme.

- Internship completion certificate,
- Degree certificate/Provisional degree certificate.
- Aadhaar card.
- Passport & stamp size photos – 10 each.
- 3 sets of Photocopies of all above documents

    INTERNATIONAL STUDENTS

- All the above documents mentioned for Indian students 1-6, including
- Copy of study Visa & passport
- Translated marks card details.

Elective : In the first year, students may choose from any one of the following

- Musculoskeletal Disorders & Sports
- Neurological & Psychosomatic disorder
- Cardio-Respiratory Disorders
- Community Physiotherapy
- Paediatrics

What Physiotherapists do ?

Physiotherapists work to combat a broad range of physical problems, in particular those associated with neuromuscular, musculo skeletal, cardiovascular and respiratory systems. They can work alone or, increasingly, with other healthcare professionals in multi professional teams.

Outpatients : Treating spinal and joint problems, accidents and sports injuries

Intensive care : Keeping limbs mobile and chests clear

Women's health : Advising on ante- and post-natal care, exercise and posture, and managing continence and post gynaecological operations

Care of elderly : Maintaining their mobility and independence, rehabilitation after falls or treating arthritis and Parkinson's disease

Stroke patients : Helping people with paralyzed limbs to restore normal movement.

Orthopedics : Helping after spinal operations and hip, knee and other joint replacements; treating patients who have had accidents

Mental illness : Holding relaxation and body awareness classes, and improving confidence and self-esteem through exercise

People with learning difficulty : Developing people's potential through sport and difficulties recreation; assessing and providing specialist footwear, seating and equipment

Occupational health : Working in large companies treating employees and looking at the way people work in order to prevent physical problems such as repetitive strain injury

Terminally ill : Working in the community or in hospices to treat patients with cancer, AIDS

Pediatrics : Helping children with severe mental and physical handicaps and conditions such as cerebral palsy and spina bifida

Community : Treating a wide range of patients at home and giving advice to those who care for people

Private sector : Working independently in private practice, clinics, hospital and treating a wide range of conditions

Education and Health promotion : Teaching people about back care, running exercise classes and fitness clubs

Sports clinics : Helping sportsmen and women recover from injury return to full fitness and avoid further injuries

Voluntary organizations : Providing expertise and advice in organizations which offer support for people with conditions such as multiple sclerosis and Parkinson's disease

Career Opportunities

- Clinical Physiotherapist in Multi-specialty Hospitals, Health Care Centers, NGO
- Corporate Physiotherapist in MNCs, Health Care Physiotherapy Instructor in
- Modern Gymnasiums, Ergonomic Care Advisors
- Physiotherapist in Special Schools for Physically Challenged Children
- Physiotherapist in Old Age (Residential) Homes.
- Sports Physiotherapists in Sports Clubs, Sports Team, and individually hired physiotherapist by elite athletes.
- Entrepreneur in Rehabilitation Center, Health Organization.
- Private Practitioner by establishing your own Physiotherapy clinics and deliver home care to Needy Patients.
- Academician in upcoming Universities and Colleges.
- Clinical Researcher in Researches funded by Govt. of India and foreign organizations, Agencies and other professional bodies.
- An option to provide Social Services to Community development programs run by different agencies.

In the present day scenario of specializations in the healthcare industry:

1. MPT gives an opportunity to enhance the skills in a specific area. With corporate hospitals coming up in a big way with specialized departments like neurology and neurosurgery, cardiothoracic and vascular surgery, specialized physiotherapists in the field are required to serve the society.

2. Research in physiotherapy: MPT gives a strong basis to pursue research in the field of Physiotherapy and allied sciences. Research is the backbone of any clinical profession around the world. Now in India too, lot of resources is being spent on developing research in various fields including physiotherapy.

3. Academic Institutions: MPT gives an opportunity to serve as a faculty by educating physiotherapy students. BPT is no longer considered a qualification for the teaching faculty post in academic institutions so MPT provides qualification to pursue physiotherapy as a profession.

Clinical Facility

Krupanidhi College of Physiotherapy is associated with the following hospitals for the Post Graduate course in Physiotherapy:

1. SPARSH HOSPITAL
2. NARAYANA HRUDAYALAYA MULTI SPECIALTY HOSPITAL
3. VYDEHI INSTITUTE OF MEDICAL SCIENCES AND RESEARCH CENTRE
4. SAGAR HOSPITALS
5. JAYANAGAR GOVERNMENT HOSPITAL

Overview

Krupanidhi College of Physiotherapy (KCPT) was established in 1995 & is now one of Karnataka's most respected & fastest growing colleges. It's courses are affiliated to Rajiv Gandhi University of Health Sciences & recognized by Indian Association of Physiotherapists. Krupanidhi college of physiotherapy is the first college to have started BPT course in Bangalore. As a pioneer college of Physiotherapy, it has produced dynamic students who are placed abroad & are considered the best in their respective hospitals. KCPT has been known for its highest ranks in the entire state of Karnataka.

Student from many states & from very different social backgrounds, study at KCPT campus. Such diversity provides an exciting environment for all our students.

Finally the staffs involved with the delivery of education are committed to providing a rich educational experience for all students and a happy and supportive environment.

Our college not only develops you as a person, It also equips you for the fast-changing world of work

Krupanidhi Physiotherapy Clinic

Krupanidhi Physiotherapy Clinic was started in 1998 with a vision of providing quality treatment in the field of Physiotherapy and rehabilitation. The high cost of treatment, and lack of modern facilities have made Physiotherapy inaccessible and unaffordable to the poor. The Clinic, which is a charitable one, offers free treatment for every one. Krupanidhi Physiotherapy Clinic has the most modern state of the art equipments in the field of physiotherapy, electro diagnosis and rehabilitation. It has a wide range of custom made, and well engineered orthotics and prosthetic appliances to cater to the needy. The Clinic also conducts periodic free camps at different places to reach out to the public. Periodic assessments and follow ups are then carried out to by our physiotherapists who are specialsed in various fields, ensure complete rehabilitation of patients.

NURSING

Diploma in Nursing - General Nursing and Midwifery (GNM)

Bachelor of Nursing - (B.Sc. Nursing)

Master of Nursing - (M.Sc. Nursing)

KRUPANIDHI COLLEGE OF NURSING

Recognised by the Govt. of Karnataka | Affiliated to Rajiv Gandhi University of Health Sciences |
Approved by KNC & INC, New Delhi | KSDNEB

A place where people discover possibilities that forever change their lives and the world .We need you- we are looking for the next generation of nurses who can make a profound and positive impact on people's lives.

The Department of Nursing creates cutting edge nurses and practitioners. The department has the best in the industry teachers, clinical postings and evidence based practice and practical learning experiences. The Department of Nursing is home to eight highly advanced laboratories in house and Krupanidhi students of nursing are highly in demand because of the quality training and holistic development. They are often placed in the best hospitals in India and abroad as the employers' evaluation of our nursing graduates are excellent.

Diploma in Nursing - (GNM)

Duration	:	Course is for three years including an internship period of six months.
Eligibility	:	Minimum and Maximum age for admission will be 17 and 35 years respectively.
Minimum Education	:	10+2 Class passed or its equivalent preferably with science subjects physics, chemistry, and biology with aggregate of 40%marks.
Commencement of Class	:	September

First Year :

Biological Science
 Anatomy & Physiology
 Microbiology

Nursing Foundation
 Fundamentals of Nursing
 First Aid
 Personal Hygiene
 Communication Skills

English

Behavioral Science
 Psychology
 Sociology

Community Health
 Community Health Nursing - I
 Environmental Hygiene
 Health Education &
 Nutrition

Computer Education

Second Year : **Medical Surgical Nursing I (Including Pharmacology)**
 Medical Surgical Nursing II | Mental Health Nursing
 |Child Health Nursing

Third Year : **Part 1**
 Midwifery & Gynaecological Nursing | Community Health
 Nursing - II

Internship : **Part 2**
Period
 Nursing Education | Introduction to Research & Statistics |
 Professional Trends & Adjustments | Nursing Administration &
 Ward Management

Attendance	:	A minimum of 80% attendance in theory and practical classes separately in each subject in each year is essential to be eligible for sessional and board exams. Students who do not have the required attendance will not be allowed to write the exam
Internal assessment	:	Internal assessment is based on the marks obtained in 1. Sessional exams. 2. Theory and practical assignments.
Method of teaching Practiced	:	Various methods of teaching like demonstrations, clinical presentations, health talks and role plays are conducted to make the teaching & learning process interesting.
Affiliated hospitals	:	The college is affiliated to HAL Hospital and Agadi Hospital. Students are also being sent to the following hospitals for specialty experience.

1. HAL HOSPITAL
2. Jayanagar Govt. Hospital
3. Kidwai MEMORIAL
4. Indira Gandhi Children's Hospital
5. Sparsh Orthopaedic Hospital
6. Spandana
7. Agadi Hospital
8. Jayadeva Institute of Cardiology
9. Sri Sathya Sai Hospitals

Job opportunity	:	Work at various speciality and multispeciality hospitals Nurse Educators, educating the patients as well as conducting CNE programs Health Insurance IT Companies School Health Nurses
Campus interview and placement	:	Institute of Nursing has an active placement cell which is set up to help students in their career choices. We have an MoU with Sparsh Hospital and Agadi Hospital and students can work after completion of their course. We have tie-ups with various hospitals in and beyond Bangalore who conduct campus interviews for the students. Our students are working efficiently all over the country and abroad.

Bachelor of Nursing (B.Sc. Nursing)

Commencement of session	:	September.
Duration	:	4 years
Eligibility	:	10th and 12th grade pass with a combination of Physics, Chemistry, Biology and English with minimum 45% marks. Minimum age should be 17 years.

COURSE STRUCTURE:

I Year Subjects	:	English	Anatomy	Physiology	Nutrition	Bio-Chemistry	Nursing Foundation Psychology	Microbiology	Computers	Kannada
II Year Subjects	:	Sociology	Pharmacology	Pathology	Genetics	Medical Surgical Nursing-I	Community Health Nursing	Communication and Educational Technology
III Year Subjects	:	Medical Surgical Nursing-II	Child Health Nursing	Mental Health Nursing	Midwifery and Obstetrical Nursing
IV Year Subjects	:	Midwifery and Obstetrical Nursing II	Community Health Nursing	Nursing Research and Statistics	Management of Nursing Service and Education
Class Test & Viva	:	Regular class tests and viva in all subjects will be conducted in the college. Mid term progress report will be sent to the parents along with the attendance
Internal assessment	:	Will be based on the marks obtained in: Sessional exams Class presentations Theory and practical assignment

Master of Nursing
(M.Sc. Nursing)

Date of Commencement	:	September
Duration	:	2 Year
Eligibility for Admission	:	Should have completed Bachelor in Nursing or any other degree in nursing, with one year of clinical teaching experience. Candidates who have completed Post- Bachelor in Nursing do not require one year of clinical experience.
Specializations	:	Medical Surgical Nursing
		Paediatric Nursing
		Obstetrics and Gynaecological Nursing

Course Structure

I YEAR	:	Nursing Education | Advance Nursing Practice | Nursing Research & Statistics | Clinical Specialty-I
II YEAR	:	Nursing Management | Nursing Research (Dissertation) | Clinical Specialty – II

Career Opportunities and Placements

On completion of the course they can work as Staff Nurses, Nurse Educators, Nurse Researchers, Nurse Administrators, Public Health Nurse, Industrial Nurse and School Health Nurse. They also excel in teaching as assistant lecturers, lecturers, assistant professors, associate professors and professors in nursing schools and colleges.

The Department of Nursing enjoys 100% placement in the best of hospitals in India and abroad as the employers' evaluation of our nursing graduates are excellent.

Our students are working efficiently all over the country and abroad.

Krupanidhi – Research Incubator Program (KRIP)

Krupanidhi Group of Institutions has a long tradition of pursuing cutting edge research and has organized research activities across all the colleges in its integrated campus. The management at Krupanidhi believes that research and development is the key for the success of students and also for the continuing growth of the country.

In order to move towards the goal of building a robust culture of research, a unique initiative called the *"Krupanidhi-Research Incubator Program"* has been launched at Krupanidhi Group of Institutions. The scope of this program is to inspire and ignite the young minds in research, irrespective of their discipline by conducting training programs, bringing subject experts from various research laboratories as well as multinational companies within the campus. K-RIP motivates the students, to explore their hidden potential and to conceptualize innovative ideas. The research at Krupanidhi focuses students as central part of the program and they are encouraged to design and carry out projects under the faculty guidance, who in turn are also guided and monitored by research mentors from various national and international academic and research institutes. It is a requisite that all the faculty members as well as the final year students of all the courses are participating in the program.

K-RIP kindle the students at all levels by outlaying multidisciplinary research projects, promote them to attend seminars/conferences, to become members in professional bodies, seeking research funds from national funding bodies, publishing their research work in standard indexed/scopus journals, aiding in patent filing strategies, etc. Students with research publications in their profile have added credentials, which ensure them to surpass from their peers. It enables them to uniquely position themselves for success, while job hunting or seeking admission in Ivy League universities.

Imagination is more important than knowledge. Knowledge is limited but imagination encircles the world

— Albert Einstein.

KRUPANIDHI DEGREE COLLEGE

Recognised by the Govt. of Karnataka | Affiliated to Bangalore University, Karnataka, Bangalore | Approved by AICTE, New Delhi

Krupanidhi College believes in creating opportunities for the young, brilliant students and has a wide range of courses to choose from. These are a selection of courses which promise to guide the children towards building a successful career and also propel them towards creating history. These include the most sought after management courses and computer application courses along with life sciences. These courses are made further interesting with the help of faculty who are the best in the field and an environment which is conducive towards gaining knowledge and experience in an ideal scenario.

Bachelor of Computer Application (BCA)

Bachelor of Computer Application is a 3 year under-graduate degree awarded in the field of Computer Applications. Our three year program is designed in a manner that will provide comprehensive training to understand computer science and industrial computing. Students are also trained for civil service examination

Our students are working as programmers, technical teams of some of the successful firms in India like Wipro, Tech-Mahindra, Capgemini, Accenture, I-Gate, HCL etc.

At the end of this course the student will be able to carry out the required analysis and synthesis involved in computer systems, information systems and computer applications

They will be able to demonstrate professional competence in developing software and in its design and implementation.

To develop sound practical skills, to enable them to address problems which arise from computer systems and applications.

In addition to the regular curriculum, there are periodic seminars, projects and assignments, which enable the students to sharpen their skills. With the focus on applications, we are covering subjects like Digital Logic, Probability and Statistics Computer Programming and Problem Solving, Data Base Management System, Computational Numerical Methods, Data Structure using C++, Digital Electronics and Microprocessors, Software Engineering, Data Base Management System Project, Operating Systems, Artificial Intelligence, Computer Architecture, Design and Analysis of Algorithms, JAVA & J2EE, LINUX Programming etc. The focused training given on these topics help students to adapt themselves to the art and science of software development.

Commencement Date : June/July

Duration : 3 Years

Eligibility : Pass in State PUC Examination or 10 + 2 or any other equivalent examinations

COURSE STRUCTURE

The duration of this course is 3 years divided into six semesters.

A student shall opt for any one of the following activities in the first four semesters offered in the college.

- N.S.S / N.C.C / Rotary Activities / Rovers and Rangers
- Sports and Games / Activities related to Yoga
- A small project work concerning the achievements of India in different fields
- Evolution of study groups/seminars circles on Indian thoughts and ideas
- Interaction with local communities in the neighborhood and learn about and from them
- Exploring different aspects of Indian civilizations
  Other activities including Cultural Activities as prescribed by the University.

Career Opportunities

Successful graduates can look forward to work as System Analysts, Programmers, Network Engineers, and Database Administrators etc. They may also pursue research or higher studies. The intention of the course is to produce competitive computer professionals in tune with advanced technical concepts. Towards this end, the college is equipped with state of the art facilities envisaging high-end computers and advanced software.

Our MCA programme prepares professionals who have real time experience and exposure, both theoretical and hands-on on the latest technologies. The programme offers in-depth, application oriented technologies that are relevant to today's business scenario. Here, the students work in an integrated environment that enable them to access the resources effectively for their academic purpose.

Students have many career options to select - Software Engineer, Software Tester, Lecturer, System Analyst, Web developer, Technical writer and so on. Also, they get an opportunity in reputed MNC's like Infosys, Wipro, Tech-Mahindra, Capgemini, Accenture, I-Gate, HCL etc. Students also can opt for Civil Service Examinations.

Bachelor of
Business Administration (BBA)

The Department of Administration has excellent, dedicated teachers who help in the overall preparation of students. Krupanidhi believes in inclusive development, therefore we engage in educational fests, conduct seminars throughout the year and encourage our students to participate in competitions. Our academic development is continually leading to distinctions and results in top rankings as a result of consistent weekly / monthly tests and remedial classes. We also provide Value Added Courses to absolutely prepare our students for the corporate world.

Bachelors in Business Administration (BBA)

The BBM degree is designed to teach students the skills necessary to perform leadership roles in the business and corporate world. The degree is also designed to give a broad knowledge of the functional areas of a company, and their interconnection, thus exposing the students to a variety of "core subjects" and allow students to specialize in a specific academic area. It develops the student's practical managerial skills, communication skills and business decision-making capability. Many programs thus incorporate training and practical experience, in the form of case projects, presentations, internships, industrial visits, and interaction with experts from the industry.

Commencement Date : June/July

Duration : 3 Years

Eligibility : Pass in State PUC Examination or 10 + 2 or any other equivalent examinations

COURSE STRUCTURE

The duration of this course is 3 years divided into six semesters.

CAREER OPPORTUNITIES :

Completing Bachelors in Business Management & Bachelor of Management opens up plenty of opportunities. Most of our alumni are found leading as well as occupying joined management positions in multinational companies like FUTE services, IBM, Wipro, Infosys, Capgemini, NorthWestern to name a few. They can choose from a variety of streams like HR, finance, auditing, education, process audits, administration, marketing etc.

Bachelor of Commerce (B.Com)

B.Com is an undergraduate degree in commerce and related subjects. The Bachelor of Commerce degree is designed to provide the student with a wide range of managerial skills while at the same time building competence in particular areas of business studies; where students are exposed to general business principles, taking courses in accounting / finance, auditing, income tax, statistics, marketing, economics, and information systems..

Commencement of Course : June / July

Duration : 3 years

Eligibility : Pass in State PUC Examination or 10 + 2 or any other equivalent examination

COURSE STRUCTURE

The duration of this course is 3 years divided into six semesters.

Our Degree students have access to value added courses provided by Krupanidhi, which are extremely helpful in the overall development of students and help them pursue their further education in any desire field. These value added courses make our students extremely desirable to the recruiters.

VALUE ADDED COURSES

Information Technology : CCNA, MSCE, Networking, .Net & Java Technologies

HR : Human Resource Management Training

Animation : 2D, 3D Animation Certification Courses Software Testing Tools

Commerce Oriented Courses : CA Foundation Courses, Tally MS Office, Fundamentals of Internet Usages, Etc.

PG Entrance Exam Training : CAT, MAT, PGCET, KMAT, etc.

Management : SAP, SIXSIGMA, Project Management.

Finishing School : A Unique concept which transforms students to face the challenges of the industries.

Bachelor of Arts (B.A.)
(Literature, Journalism, Psychology)

Krupanidhi College gives equal importance to the learning of Literature, Journalism and Psychology along with more accepted courses. With the help of our excellent staff, teaching materials and the infrastructure the college provides, we have taken this stream a long way and we are proud to say we have many in our alumni who would vouch for how the course has changed their life and helped them decide on the future courses or in choosing a profession that they are passionate about.

Bachelor of Arts - (BA)

Commencement of Course : June / July

Duration : 3 years

Eligibility : Pass in State PUC Examination or 10 + 2 or any other equivalent examination

COURSE STRUCTURE

Krupanidhi Degree College offers 3 years Bachelor of Arts Degree. The BA course is offered in a subject combination of Journalism, Psychology and Optional English.

The duration of this course is 3 years divided into six semesters.

JOB OPPORTUNITIES:

Psychology : Students can work in clinics as counselor/ research assistants, life skill trainer and also in industry as industrial psychologists.

English : Students can work in schools as teachers; can work as language trainers, soft skill trainers and also in the field of transcription. Course helps in theatre and drama activities too.

Journalism : Students can work in media channels as reporters or editors. They can work in newspapers and magazines as reporters, freelance for any media organizations and also can work as theatre artists.

Bachelor of Arts (B.A.)
(History, Economics & Tourism)

Krupanidhi College gives equal importance to the learning of History, Economics and Tourism along with more accepted courses. With the help of our excellent staff, teaching materials and the infrastructure the college provides, we have taken this stream a long way and we are proud to say we have many in our alumni who would vouch for how the course has changed their life and helped them decide on the future courses or in choosing a profession that they are passionate about.

Bachelor of Arts - (BA)

Commencement of Course : June / July

Duration : 3 years

Eligibility : Pass in State PUC Examination or 10 + 2 or any other equivalent examination

COURSE STRUCTURE

Krupanidhi Degree College offers 3 years Bachelor of Arts Degree. The BA course is offered in a subject combination of History, Economics and Tourism.

The duration of this course is 3 years divided into six semesters.

JOB OPPORTUNITIES:

History : Students can work as **Archivists** to acquire, manage and maintain documents and other materials that have historical importance for individuals, organizations and nations or

as a **Librarian** who works professionally in a library, providing access to information and sometimes social or technical programming. ... They are usually required to hold a graduate degree from a library school such as a Master's degree in Library Science or Library and Information Studies.

A career in **Public Relation** involves gaining understanding and support for your clients, You'll use all forms of media and communication to build, maintain and manage the reputation of your clients.

Economics : Students can work for research firms and think tanks, where they study and analyze a variety of economic issues.

Tourism : Students can be associated with hotels and core business operations are conferences and events, which provide considerable all-year-round employment opportunities

Bachelor of Arts (B.A.)
(Political Science, Sociology & Optional English)

Krupanidhi College gives equal importance to the learning of Political Science, Sociology & Optional English along with more accepted courses. With the help of our excellent staff, teaching materials and the infrastructure the college provides, we have taken this stream a long way and we are proud to say we have many in our alumni who would vouch for how the course has changed their life and helped them decide on the future courses or in choosing a profession that they are passionate about.

The duration of this course is 3 years divided into six semesters.

JOB OPPORTUNITIES:

Political Science : Studying political science can open up a wide range of job opportunities in both the public, private, and not-for-profit private sectors. Students interested in careers in business, education, law, journalism, communications, government, or politics more generally will obtain vital knowledge and skills.

English : Students can work in schools as teachers; can work as language trainers, soft skill trainers and also in the field of transcription. Course helps in theatre and drama activities too.

Sociology : In modern societies where industrial development exists, people work in a much wider variety of occupations. Work, in sociology, is defined as the carrying out of tasks, which involves the expenditure of mental and physical effort, and its objective is the production of goods and services that cater to human needs.

Master of

COURSE STRUCTURE

The duration of this course is 3 years divided into six semesters.

INDUSTRIAL VISITS

Industrial visit to Wipro

To better understand the work environment and to get a practical view of how things operate, we took our students to the multinational firms in Electronic City in Bangalore. Final year Bachelor of Computer Applications students visited the Wipro Campus and also attended the Personality Development Programme.

Industrial visit to Infosys

1st and 2nd year students visited the Infosys Campus, Electronic City and attended the SPARK Programme. The session enlightened the students about the career opportunities in the IT sector.

SEMINARS

Our students learn from the Industry experts too. Not only do we have our academically inclined teachers, we also want our students to hear from those in the industry. So Krupanidhi continually invites prominent personalities in the IT sector. Here are the highlights of 2014:

A Seminar on Java Script Programming by MR Harish who highlighted the importance of Java Script in the IT sector on 12th July 2014

Technical Seminar on Python Programming. Mr Rahul, who is the CEO & Founder of the company "Art of Programming" spoke on the features of Python Programming

The Wipro Waisans Meet took place on the 6th of September 2014. The MCA students of Krupanidhi got a chance to meet the Alumni of Krupanidhi who currently work at Wipro. The Alumni answered students' queries and gave them the working scenario at Wipro.

Master of
Bio-technology (M.Sc.Biotech)

To explain this branch of Science would be difficult as the uses are varied. But the simplest of the explanation would be to call it technology that is based on the Biology. When it comes to its applications, it is wide spread right from farming crops which are better suited to the environment, for making food with microorganisms like cheese, bread, fighting illnesses and even in generating bio fuels to name a few. At Krupanidhi College we are aware and fully accept the sea change this Department of Science can bring about and hence do not leave any stone unturned while coaching our students.

Master of Biotechnology (M.Sc. Biotech)

Commencement of Course : July 15

Duration : 2 years

Eligibility : Honors in Degree with 50% marks with Zoology, Botany, Chemistry, Biochemistry, Biotechnology, Microbiology, Genetics as one of the subjects in degree level

Post Graduate Diploma in Management (PGDM)

The Indian economy is growing at a very rapid pace leading to lot of quick changes in many organizations asking for great managerial skills. The regulatory and other changes have brought with it a sweeping globalization of competition and interplay with global corporate practices. There is a requirement for a large pool of trained management professionals in all sectors, at various levels, to allows organizations in business and elsewhere, to meet the challenges of global competition and growth.

One way of building a stable talent pool within organizations is to recruit PGDM students and groom them in the organizational and industry specific skills and orientation. Talent is now recognized worldwide as the basis for innovation and creativity. India is seen as a global resource base for the same. It is thus necessary to ensure that adequate structure and quality perspective exists in the field of management education to meet the needs of organizations adequately.

The program objectives are to provide a general management perspective to the, candidates, with an appreciation of the theoretical frameworks, analytical methods required for functioning effectively and efficiently as a member of the management group, at entry level executive onwards.

Commencement of course : July / August

Course Duration : 2 years / Dual Specialisation

Eligibility : The candidate should have passed and acquired at least 50% of the marks in any bachelor discipline from any approved university.

Course Details : The program structure proposed after a comprehensive review of international best practices and program structure and curriculum, is as follows:

Courses covering all foundation areas in management, and to build a holistic general management perspective.

A set of elective courses with a functional and domain thrust aimed at building the job specific skills and knowledge in the chosen functional area of management.

Placement Cell

For Krupanidhi College, placements are the zenith of academic success when a student steps out in the industry to showcase his or her calibre. The motive of the placement cell of Krupanidhi College is to not only develop and train the students to work in the industry but also to act as facilitators to coordinate the recruitment processes and arrange campus visits for various prospective employers for the colleges' students. We at the placement cell ensure that students have a strong grasp of the subject and are hard workers, and also help them with networking, personalized coaching, mock interviews, and mapping out career strategies. The placement cell also provides soft skill training to students such as writing a cover letter and CV, compiles the CVs and sends them to relevant employers, arranges for pre–placement talks and arranges for successful on–campus and off–campus drives. The objective of the placement department at Krupanidhi College is to work with the students and help them achieve their professional goals, explore their individual strengths, and work on areas for improvement. The student joining the organization is just the beginning; our vision is to see them at the top of the hierarchy in companies across globe.

Krupanidhi College has had a great track record for placements and the placement cell has been successfully finding dream careers for nearly 80–100% of its students in reputed organizations across many countries. The physiotherapy college conducts interviews with and places its students across many reputed private clinics, NGOs, sports centres, cardio specialty, neuro–speciality and orthopaedic hospitals, fitness centres and IT industries. The college has many reputed hospitals and health clinics as recruiters including Apollo, Fortis, Max Healthcare, Northpark, Columbia Asia, AIMS, Indira Gandhi and Wockhardt. Their long, reputed list of recruiters for their various colleges also include Ford, Toyota, Indiabulls, Schneider Electric, IndusInd Bank, Puravankara, Borderless Access, Ernst and Young, Amazon, HomeShop18, Wipro, Vodafone, Videocon, Larsen and Toubro, ICICI securities, JP Morgan, KPMG, SAP, Nielsen, Ranbaxy, Cipla, Accenture, Biocon, Commonfloor, Dell and Mindtree, among others. Apart from the final placements, the students also undergo internship in the companies before their final year, exposing them to the industry and what they can expect from their professional lives after they land final offers.

LABORATORIES

Laboratories play a crucial part in cementing any novel idea they have learnt and these spacious, student friendly labs persuade them to experiment theory and work around new concepts. The college is also affiliated to various multi specialty hospitals around the city so as to provide clinical settings for their students to experience. The students are even sent to rural and other community postings just around 3–5 kms away from the campus, giving them exposure to real world clinical settings. The department of Physiotherapy has an out-patient clinic within the campus, where the students get hands-on practice with the patients who visit the clinic.

LIBRARY

It is said that books have the power to influence one's mind in a way nothing else can, and the administrators at Krupanidhi have capitalized on that thought. All the departments have their own dedicated libraries complete with internet facilities and laboratories wherever needed. The libraries have a large and extensive collection of books, and national and international journals that are updated each academic year.

The library also has a digital section where one can find a huge database of reputed online journals and international periodicals, as well as a full–text collections of faculty and document publications. The library also has internet access along with helinet and wi-fi facilities. All the libraries provide the users with a reprography facility as well.

CONFERENCE AND SEMINAR HALLS

Krupanidhi has a state of art conference hall and a seminar hall. Both are air conditioned and have an excellent outlook. Many programmes of national and international level are conducted here. Top speakers of global standards have expressed their delight being here. The acoustic and sound add on to the value.

Infrastructure & Support

STUDENTS COUNCELLING

Krupanidhi College does not see students as mere students but as young adults who would need expert guidance in times of need. We have a counseling centre which is open during college hours and our top notch counselors do not see this as a mere job and are available any time any day imparting wisdom and best ways of dealing with issues the students are troubled with. The Counseling Centre is an integral part of the college and the students, the teachers and the parents have the liberty to walk in whenever they want to discuss how best to deal with the issues in hand.

Each and every session will be confidential and would not be disclosed to anyone unless we need parental interference. Apart from this, students are often given career counseling too.

HOSTEL ACCOMMODATION

The colleges have separate hostel facilities for boys & girls, with each of them having different capacities according to the strength of the students in each department. The institutions offer clean, comfortable and safe hostels for all the students in the campus. The rooms, which are on four to a room basis, twin sharing and single occupancy basis are spacious, well–furnished with beds, study tables, cupboards, and even solar water heaters, and all rooms have attached bathrooms. House–keeping facilities are available for the benefit of the students. Hostel wardens have been assigned to each hostel for the security and comfort of the students. Wi-fi is available in the hostel. Additionally, the college is making an effort to augment their hostel capacities periodically to accommodate more students. The facilities provided and the atmosphere at the hostels ensure that the students have the calm and peace of mind, which is essential for them to grow academically.

TRANSPORTATION

Krupanidhi College also provides free transportation for all its students and has a whole fleet of buses and vans for pickup and drop facility. The various departments have their own fleet of buses and vans for the convenience and safety of their students. This includes many pickup and drop locations in the main areas of Bangalore. The scheduled and timely arrival and departures of the buses and vans ensure timely pickup and drop off to and from the college campus. The residential campuses with an enviable ambience are situated in the outskirts of Bangalore, and we provide free shuttle services to and from the city on weekdays and weekends allowing the students convenient access.

TECHNO GYM

"A healthy body houses a healthy mind" goes the old age adage. With students as well as the college taking health and activeness seriously, the administration has made sure that it does its bit for the students and has established a huge, ultra–modern gym on the campus. The gym not only motivates students to be active and to lead a balanced lifestyle but also encourages students to indulge in serious fitness and bodybuilding.

State–of–the–art fitness center and the physical fitness trainer on board for extensive training ensures that the students have all that they need when it comes to staying fit while they are part of Krupanidhi family. The fitness center also houses extensive and expensive fitness training equipment by Techno Gym (Italy), which students have complete access to. Students at Krupanidhi can use the fitness center by paying a subsidized subscription fee.

SPORTS

When it comes to sports and extracurricular activities, the Krupanidhi Group gives equal prominence and importance to it as much as they do to academics. The college has extensive sports facilities for many sports right from volleyball, basketball, and badminton to football and the all–time–favourite cricket. Evenings see a flurry of activity on the grounds of the college with students playing various sports and many even enjoying as an interested audience. There is also an on–campus basketball court for the students to develop their talent.

Apart from sports, the college also encourages and motivates its students to participate in many extracurricular activities. The college has many cultural clubs and societies such as the hobby club, the literary club, the IT club, NSS clubs, cultural clubs, and musical bands. The college also has developmental cells such as the Women's Development Cell, as well as academic clubs.

CAFETERIA

A well–stocked cafeteria that has numerous choices of cuisines to tingle the taste buds of the students is the lifeblood of any educational institute. Krupanidhi's cafeteria, which not only has a great ambience but also many cuisine choices of food from across the world, remains a focal point for the rest, refreshment and relaxation of the students. Right from various choices for food and energy drinks to an exclusive ice–cream counter and even an on–campus Café Coffee Day, the Krupanidhi cafeteria is a place of delight and invigoration for the people on the campus. Here taste, hygiene and nutrition go hand in hand in equal measure, none exclusive of the other.

Admission Procedure at Krupanidhi

Krupanidhi as an institution believes in moving along with the time and in most cases are the torchbearers when it comes to adopting new techniques in education. Same goes in the case of even the admission procedures too at Krupanidhi. Students are often confused about which stream to choose and parents are worried about job opportunities and placement percentage of the college. When you try Krupanidhi you can be at peace as we can help you with both. Both parents and students can go through our site to check out the syllabus and placement details for all the courses that we offer and choose accordingly. In case you still need help, you can approach us directly with your doubts and we would guide you along.

For people who are comfortable with online transactions, you can check out how to apply online, after paying a nominal amount for the application fees. In our Admission Procedure, we would take you through a step by step process of how to go about it. You can choose to approach us at our regional centres to buy the application form and also read up on the course details.

We have a transparent admission process, if all the documents and mark sheets add up to our expectations, and the student has been chosen for the course they had applied for, then we would intimate you at the earliest through email or telephone.

Once you receive news about your admission, you will have to pay the course fee before the due date, failing which your admission would be considered void.

We at Krupanidhi College strongly believe in fair treatment of everyone who has applied to join our courses. Here is wishing you good luck and hoping you would soon be a part of the Krupanidhi family.

It is a confusing times for many a student when it comes to joining a course and the fear of whether they will be able to join the desired stream. We at Krupanidhi College understand this and are constantly adding easier and more accessible features through which we can make the process convenient for all of us who are involved.

Students can choose to apply online or offline. As is the case, there is a fee that you will have to pay to secure the application forms.

Online Application steps:
- Students are first required to fill in the application form on the website.
- Upload all the required documents.
- After which they will be guided to the payment gateway to make the payment for the required application.
- Once the application fee is paid you will get a reference number which you will need for all future transactions.
- A fee of Rs.1000 for undergraduate, graduate and postgraduate courses.
- Application fees for diploma courses are Rs.500.

Offline Application steps:

- Download the application forms from our website.
- Fill up the required details.
- Attach the required documents.
- Make DD for the application fee in favour of the respective department*.
- Courier the forms, required documents and the DD to the college or submit the same in person to the admissions office at the college or our regional centres.
- Once the application fee is paid you will get a reference number which you will need for all future transactions including paying your tuition fee online when selected.

Once the application forms are received they are diligently reviewed by the board, if found eligible prospective students will be intimated through email or phone about their selection.

For MBA, the students who are selected will have to appear for a group discussion and an interview, details of the same will be conveyed once the documents are reviewed by the board. The MBA candidates will have to excel in all the fields and a selection based on the mark sheets alone will not suffice.

The selected students are required to pay the tuition fee online or in person at the college or regional centres before the due date failing which the admission stands cancelled. The fee payment can either be done via cash at the admissions counter in the college, through a DD, a bank transfer and online as well.

Fees once paid, will not be refunded at any cost. Students are to abide by all the rules which could change time to time based on the decision of the board and the need of the time.

If you have doubts about any area we have not covered here, you can mail in your enquiry to "enquiry@krupanidhi.edu.in" and the counselors will call you and guide you through the whole process.

For NRI & Foreign Nationals

Check out the step by step process at each stage that would help you with the admission process. The only difference between the admission process between an NRI / Foreign national and that of the other students would be the documents that need to be submitted and the Visa process that follows once the student is selected by the admission board.

Admission Procedure at Krupanidhi

Steps for Admission of NRI/Foreign Nationals:

- Apply online or offline (procedure common to all students).
- Once selected, the students will be intimated.
- Part of the tuition fees needs to be paid at this stage based on intimated amount.
- Once the payment is made details for the visa processing will be issued by the college.
- The last part of the admission procedure will be to
  - Submit all required documents & complete tuition fee before the due date.
  - For the required documents refer 'list of documents for foreign nationals & NRIs'.

List Of Documents for Foreign National & NRIs

- Mark Sheets of both 10th and 12th (equivalent) and Degree UG mark sheet if you are applying for PG courses, as issued by the board or the university.
- Eligibility certificate issued by any relevant Indian university.
- Conduct or Character Certificate along with the transfer certificate issued by the institution they last studied in.
- Copies of valid Passport and Student Visa / Residential permit.
- HIV Clearance Certificate.
- Ten passport and ten stamp size photographs.
- Medical Fitness Certificate from your family doctor.

In special cases where the medium of instruction for students is not English, you would be required to take part in an intensive course in English for six months during their course so that they can follow their chosen stream with ease.

You could also mail us "enquiry@krupanidhi.edu.in" and our counselors will guide you through the whole process.
